

FARE TO NEWARK NOW IS 27 CENTS; RATE MIX-UP ENDS

Washington Order Fixes Same
Price in Tubes and Pennsylv-
ania—Raise on Ferries.

WASHINGTON, June 11.—Increase from 17 to 27 cents in the fare from New York to Newark, a distance of nine miles over the Hudson and Manhattan Tube route and the Pennsylvania Railroad, was authorized today by the Railroad Administration. This will make east and westbound rates the same. Yesterday when the new passenger rates went into effect the Pennsylvania sold eastbound tickets at 27 cents, while the Hudson and Manhattan, forbidden by Director General McAdoo to raise rates, sold westbound tickets at the old price of 17 cents.

Railroads operating ferries between New Jersey points and Manhattan and Brooklyn were given permission today by the Interstate Commerce Commission to raise ferry fares to an average of five cents, although this increase will not be put into effect until after the Railroad Administration investigates to determine whether it is necessary.

The Hudson River Day Line was authorized today by the Interstate Commerce Commission to increase its passenger charges in accordance with the recent increase in railroad passenger fares. The Western New York and Pennsylvania Traction Company has asked the commission for permission to increase both passenger and freight charges to the level of the new steam railroad rate.

POLICE RESERVES TO DRILL AT JULY 4 CELEBRATION

Six Thousand Will Participate in
Exercises at Sheephead Bay Speed-
way Park—Big Spectacle Planned.

Police Reserves of Manhattan, the Bronx, Brooklyn and Queens will be mobilized at the motor Speedway Park at Sheephead Bay on July 4 as part of a patriotic celebration. There will be hand concerts, singing by patriotic stars and addresses by orators of national reputation. Admission will be free.

The Police Reserves, numbering about 5,000, will be organized in regimental and battalion units in the morning and drilled in preparation for their review in the afternoon. Besides the reserve there will be 200 members of the Women's Training Corps, 100 women mounted on horseback and 600 members of the Police Training Corps.

Police Inspector John F. Dwyer, under the general supervision of Deputy Commissioner Rodman W. Vanaman, is arranging for the celebration. It is planned to make the occasion one of solemnity to impress all with a sense of duty to the nation in these critical times.

Prominent actors and actresses have pledged their services in a big spectacle. State and city officials will attend the celebration.

PRUSSIAN WIELDS KNIFE.

Aime at Catholic Who Objected to
German and Is Arrested.

Reinhold Krause, a Prussian dish washer who says Germany is "the best country," although he prefers to live in America "because you get more money here," was arrested this morning on a charge of attempted felonious assault.

He had a job in the kitchen of a restaurant at No. 26 William Street and was talking German to the waiter when John Makoon, a Catholic, interfered and told him to speak English. It is charged Krause caught up a butcher's knife from the meat block and was striking at Makoon with it when the chief dismissed him. He was then arrested.

TRAINING FOR CIVILIANS.

Next Officers' Camps to Be Open
to Them.

WASHINGTON, June 11.—The army's need for officers has become so great that the next series of training camps will again be opened to civilian candidates. The fifth training camps will be located at the permanent replacement camps instead of with the divisions.

The artillery especially is short of officers. The plan that has been practically decided upon is to admit 1,200 civilian candidates and 1,200 from the ranks to the artillery officers' training camp each month. Only men from civil life who are above draft age will be accepted as candidates.

DIRIGIBLE LACKED FUEL.

One Scout for U. S. Navy Puts Out
Distress Signals.

WEST SAYVILLE, N. J., June 11.—Because the supply of fuel gave out a Government dirigible balloon was forced to come down here last night. The balloon, 125 feet long, in charge of two men from the Rockaway Naval Air Station, had been scouting for submarines along the Long Island coast. Her distress signals were seen by men from the Bluepoint Coast Guard Station. They put out in a motor boat, conveying the balloon by night. The electric current was shut off to deaden the network of wires in the way.

Men from the Naval Reserve Base Number Five took hold of the balloon's guy ropes and pulled her down after working an hour and a half in the pouring rain. Hundreds of people drove out this morning to see the dirigible while no chance worked to get her in shape for the homeward trip.

FLOUR RESERVE ON HAND.

500,000 Barrels Held By Food Ad-
ministration.

WASHINGTON, June 11.—Emergency reserves of flour totalling 500,000 barrels are piled in more than twenty cities throughout the United States for use in case of bread famine, it was learned at the Food Administration today. These stores, the equivalent of 2,250,000 bushels of wheat, have been held by the Food Administration at great industrial centres since early last winter. With the present flour and wheat stocks practically exhausted, it is possible that these reserves will have to be drawn upon. They constitute a two weeks' supply for the centres in which they are stored.

ENRIGHT RETIRES WILLIAMS.

Built Up Bureau of Unidentified
Dead and Missing Persons.

Police Commissioner Enright today announced that he had retired Acting Captain Grant Williams, head of the Bureau of Unidentified Dead and Missing Persons. Williams built up one of the most important branches of the Police Department as a result of the furor that followed the death of "Big Tim" Sullivan, whose body lay unidentified for days in a morgue. One of his most notable feats was the reconstruction of a skull dug up in Brooklyn two years ago. A plaster face was put on the skull so scientifically that the slain man was identified. Williams is forty-six years old and was a member of the force since 1897.

Lake Captain Dead at 83, Had
Only 19 Birthdays.

OSWEGO, N. Y., June 11.—Captain John R. Moulter, for 22 years inspector of hulls at Oswego and a well-known lake captain, died at his home here today at the age of eighty-three. He was born on Feb. 29, 1836, and during his life had but 19 birthdays.

FATHER DEVINE DIES AT 66.

New Brunswick Pastor Passes
Away Suddenly.

The Rev. James Devine, for twenty-three years pastor of Sacred Heart Roman Catholic Church, at New Brunswick, N. J., died last night. He was in usual health on Sunday, said mass in the morning, and in the afternoon had charge of the Sunday school. He was stricken last night with acute indigestion.

Father Devine was born in Ireland sixty-six years ago. He had been curate at St. John's, Trenton, and in East Newark and Woodbridge.

Bad Breath

Pimples, Blotches, Headaches,
Biliousness and Constipa-
tion Can Be Banished.

Use R. & G. Pills, a vegetable com-
pound containing podophyllum and its
allied laxatives.

The benefits to the liver and bowels
are lasting—freeing the user from skin
impurities, headaches, dizziness, bilious-
ness, bad breath, constipation, and
many bodily ailments.

R. & G. Pills are the perfect vegetable
substitute for calomel—all its benefits—
none of its bad results. 10c, 25c the box.

CAMMEYER

Stamped on a Shoe Means Standard of Merit

34th St. New York

Women's White High Shoes

IT is a wise wardrobe that enlists the services of the White High Shoe. For motoring, walking and sports it is ideal. And we are sure that life must be one joyous occasion after another for the women who wear Cammeyer Shoes.

Those pictured below are two of our "leaders." The one on the left is something new, with perforated fancy tips and medium height white leather heels.

The other one is not quite so fancy, but is demure in its appearance, and has a very comfortable leather heel.
